Book alignment

Theme	AbOnlinEnglish's Theme 7 materials cover natural resources, related global problems, and ways to protect them, matching the topic scope of the Ders Kitabı's Theme 7 unit with fully original content.
Outcome	The 24 learning outcomes are written specifically for this theme's topic and target language, covering listening, reading, speaking, writing, vocabulary, and grammar as outlined for Theme 7.
Vocabulary	24 original words and phrases related to natural resources and global environmental problems, each taught through an original example sentence rather than text from the book.
Grammar	Two original grammar sections on defining relative clauses (that/which/who) and the connector 'so', matching the grammar scope of Theme 7 with entirely original notice sentences, practice, and explanations.
Reading	Two original reading passages (180-320 words) on water resources and rainforest protection, written to match the level and topic of Theme 7 without copying the textbook's own texts.
Listening	Two original listening scripts, a classroom dialogue about a resource project and a conversation about renewable energy, matching the topic scope of Theme 7.
Speaking	Two original speaking tasks, a group discussion on protecting resources and a role-play town council debate, designed for the topic scope of Theme 7.
Writing	Two original writing tasks, a descriptive paragraph and a short proposal, targeting the vocabulary and grammar covered in Theme 7.
Assessment	An original review set, sectioned test, and rubrics assess vocabulary, grammar, reading, and listening for Theme 7 without reusing any textbook material.
