Vocabulary — 12 words

Word	IPA	Turkish	Example
natural resource <i>noun</i>	/ˈnætʃərəl rɪˈsɔːrs/	doğal kaynak	Water is one of our most important natural resources.
habitat <i>noun</i>	/ˈhæbɪtæt/	yaşam alanı/habitat	Deforestation destroys animal habitats.
endangered <i>adjective</i>	/ɪnˈdeɪndʒərd/	tehlike altında	The tiger is an endangered species.
deforestation <i>noun</i>	/diːˈfɒrɪˈsteɪʃən/	ormansızlaşma	Deforestation is a major cause of climate change.
extinct <i>adjective</i>	/ɪkˈstɪŋkt/	nesli tükenmiş	Dinosaurs have been extinct for millions of years.
conservation <i>noun</i>	/ˌkɒnsəˈveɪʃən/	koruma	The organisation works on wildlife conservation.
pollution <i>noun</i>	/pəˈluːʃən/	kirlilik	Ocean pollution harms marine animals.
climate change <i>noun</i>	/ˈklaɪmət tʃeɪndʒ/	iklim değişikliği	Climate change is affecting animal migration.
sustainable <i>adjective</i>	/səˈsteɪnəbəl/	sürdürülebilir	We need more sustainable energy sources.
reduce <i>verb</i>	/rɪˈdjuːs/	azaltmak	We should reduce plastic waste.
wildlife <i>noun</i>	/ˈwaɪldlaɪf/	yaban hayatı	The national park protects local wildlife.
renewable <i>adjective</i>	/rɪˈnjuːəbəl/	yenilenebilir	Solar power is a renewable energy source.

First Conditional — Environmental Consequences

Use the first conditional (if + present simple, will + base verb) to talk about likely future results of an action.

Bir eylemin olası gelecekteki sonucunu anlatmak için birinci koşul cümlesi (if + geniş zaman, will + fiil) kullanılır.

When? Use the first conditional to talk about environmental cause and effect.

Çevresel neden-sonuç ilişkilerinden bahsederken kullanılır.

Positive

- If we recycle, we will reduce waste.

Negative

- If we don't act, species will disappear.

Question

- What will happen if pollution increases?

Common mistakes

- ~~If we will recycle, we reduce waste.~~ → **If we recycle, we will reduce waste.**

1. If we don't stop deforestation, animals _____ (lose) their habitats.
2. If people _____ (use) renewable energy, pollution will decrease.
3. Choose the correct sentence.
 - a. If it rains, we will cancel the trip.
 - b. If it will rain, we cancel the trip.
 - c. If it rains, we cancelling the trip.
 - d. If it will rains, we will cancel.
4. Rewrite: people don't recycle, so pollution will increase (as a conditional). (*Use first conditional*)

Protecting Our Planet's Animals

Before you read

- Do you know any endangered animals?

Many animals around the world are now endangered because of deforestation, pollution, and climate change. If we don't protect natural habitats, more species will become extinct in the coming decades.

Conservation organisations are working hard to help. They plant trees to restore forests, clean up polluted rivers, and protect wildlife reserves. If more countries switch to renewable and sustainable energy, scientists believe we will slow down climate change significantly.

Small actions matter too. If every family reduces plastic waste and recycles more, together we will make a real difference for future generations of both people and animals.

1. What three causes of endangerment are mentioned?

- a. War, farming, tourism
- b. Deforestation, pollution, climate change
- c. Hunting, fishing, mining
- d. Noise, traffic, construction

2. Conservation organisations plant trees to restore _____.

3. The text says small actions don't matter. — *True / False*

After you read

- What is one action you could take to help protect wildlife?

A School Eco-Club Meeting

Before you listen

- What could a school eco-club do to help the environment?
1. What will the eco-club do this month?
 - a. Plant trees
 - b. Clean the river
 - c. Visit a zoo
 - d. Write a report
 2. If they plant enough trees, the local habitat _____ (improve).

If We Don't Act...

Pairs · 8 min

Discuss three environmental problems using first conditional sentences (cause and consequence).

Useful language: If we don't..., ...will..., If people..., we will..., One solution is...

1. Choose three environmental problems.
2. Make a first conditional sentence for each.
3. Suggest one solution for each problem.

Writing

Protecting Wildlife

100-120 words

Write a paragraph about an endangered animal and what will happen if we don't protect it, using first conditional sentences.

Plan:

1. Name an endangered animal and its habitat.
2. Explain the threat using if + present simple.
3. Describe the consequence using will.
4. Suggest one solution.

Checklist:

- ☐ I used the first conditional correctly.
- ☐ I named an endangered animal.
- ☐ I suggested a solution.

1. 'Nesli tükenmiş' means _____.
 - a. extinct
 - b. endangered
 - c. sustainable
 - d. renewable
2. If we don't act, the species _____ (become) extinct.
3. What do conservation organisations do, according to the text?
 - a. Cut down trees
 - b. Plant trees and clean rivers
 - c. Increase pollution
 - d. Ignore wildlife
4. 'Habitat' means the natural home of an animal. — *True / False*
5. If people _____ (recycle) more, pollution will decrease.
6. What will the eco-club do this month, according to the listening?
 - a. Clean a beach
 - b. Plant fifty trees
 - c. Visit a museum
 - d. Write letters
7. 'Yenilenebilir' means _____.
 - a. renewable
 - b. extinct
 - c. endangered
 - d. polluted
8. We should _____ plastic waste to protect the ocean.

Homework

AbOnlinEnglish Upper Secondary — Lise Hazırlık — Complete Theme · Orijinal içerik, TYMM müfredatıyla uyumlu.

Vocabulary

1. 'Ormansızlaşma' means _____.
 - a. deforestation
 - b. conservation
 - c. pollution
 - d. habitat
2. The national park protects local _____ (wildlife).

Grammar

1. If we protect the forests, animals _____ (not/lose) their homes.
2. Choose the correct sentence.
 - a. If it snows, we skiing.
 - b. If it snows, we will go skiing.
 - c. If it will snow, we go skiing.
 - d. If it snowing, we will ski.

Reading

1. What do scientists believe will happen if more countries use renewable energy?
 - a. Nothing will change
 - b. Climate change will slow down
 - c. Pollution will increase
 - d. Animals will disappear faster

Listening

1. The student offers to bring friends to help plant trees. — *True / False*
