A Walk Around My Neighbourhood

Before you read

- What places are there in your neighbourhood?

My neighbourhood is small but convenient. There is a pharmacy next to my building, and there are two bakeries on the main street. If I need to send a parcel, the post office is just a five-minute walk away.

For recreation, there is a nice park with a running track opposite the school. At the weekend, the park can get crowded, especially near the roundabout where children play.

Getting around is easy too — there is a bus stop right outside my door, and the subway station is only two streets away. The bus fare is cheap, so most people use public transport instead of cars.
