Where Is It?

Pairs · 8 min

Using a simple map (real or imaginary) of your neighbourhood, ask and answer questions about where places are.

Useful language: There is/are..., It's opposite/next to/near..., Could you give me directions to...?

1. Draw or imagine a simple map with five places.
2. Take turns asking where a place is.
3. Answer using there is/are and prepositions of place.

Writing

My Neighbourhood

60-80 words

Write a paragraph describing three places in your neighbourhood and how you get to school.

Plan:

1. List three places using There is/are.
2. Use prepositions of place to locate them.
3. Describe how you travel to school.

Checklist:

- ☐ I used There is/are correctly.
- ☐ I used at least two prepositions of place.
- ☐ I described my transportation.
