GRAMMAR LESSON · PRESENT TENSES

Present Perfect in Discourse

How news and reports move from present perfect (the headline) to past simple (the details).

Metin Düzeyinde Yakın Geçmiş Kullanımı

QUICK UNDERSTANDING

Bu seviyede present perfect'i artık tek bir cümlede değil, **bir paragrafın veya haberin akışında** nasıl kullanıldığını öğreneceksin. İngilizce haber metinleri, akademik yazılar ve raporlar tipik bir düzen izler: önce present perfect ile "bu olay şu anki durumumuzla ilgili, taze bir gelişme" mesajı verilir (giriş cümlesi), sonra past simple ile olayın **detayları, sırası ve belirli zamanı** anlatılır. Bu geçişi doğru yapabilmek, C1 seviyesinde akıcı ve doğal metin üretmenin anahtarıdır.

The Structure

Formula

Giriş/Duyuru cümlesi → have/has + V3 (şu anki önemi vurgular)

Detay cümleleri → past simple (ne zaman, nasıl, kim, hangi sırayla)

Bu, tek cümlelik bir kural değil, METİN DÜZEYİNDE bir düzendir: present perfect kapıyı açar, past simple içeri girip detayları anlatır.

Affirmative / Negative / Question

Metin Konumu	Zaman	Örnek
Başlık / Giriş cümlesi	Present Perfect	Officials have confirmed the new policy.
Detay / Gelişme cümleleri	Past Simple	The announcement came after weeks of talks.
Sonuç / Kapanış cümlesi	Present Perfect	The decision has already affected the market.

Word Order

Present perfect genellikle paragrafın İLK cümlesinde (haber duyurusu) veya SON cümlesinde (özet/sonuç) yer alır; ortadaki detay cümleleri neredeyse her zaman past simple'dir.

- **Have** risen sharply this year, prices... — (giriş — genel durum) Fiyatlar bu yıl keskin biçimde arttı...
- ...and as a result, the policy **has changed** completely. — (sonuç — bugünkü etki) ...ve sonuç olarak politika tamamen değişti.

How It Works

When do we use it?

- **Haber başlığı/giriş cümlesinde, olayı 'taze gelişme' olarak duyurmak için:** The government has announced new economic measures.
- **Bir raporun/makalenin giriş cümlesinde genel bulguyu özetlemek için, ardından past simple ile detaylandırmak için:** Researchers have found a link between sleep and memory. The study followed 200 participants over six months.
- **Paragraf boyunca 'şu anki önemi' hatırlatmak için ara ara present perfect'e dönmek:** ...As a result, the company has become the market leader.
- **Bir konuşma/sunumda, konunun güncel önemini vurgulayarak giriş yapmak için:** This issue has attracted a lot of attention recently.
- **Sonuç/özetleme cümlelerinde, anlatılan gelişmelerin bugünkü etkisini bağlamak için:** These changes have transformed the way we work.

When DON'T we use it?

Bir olayın DETAYLARINI (ne zaman, nerede, hangi sırayla) anlatırken present perfect'te KALMA — giriş cümlesinden sonra detaylara geçince past simple'a geçmelisin.

✗ Scientists have discovered a new planet. They have observed it for three months and have confirmed its orbit last week. → ✓ Scientists have discovered a new planet. They observed it for three months and confirmed its orbit last week.

Tamamen bitmiş, güncel önemi/bağlantısı olmayan tarihsel bir olayı present perfect ile anlatma — bu, akademik metinde past simple gerektirir.

✗ Shakespeare has written 37 plays. → ✓ Shakespeare wrote 37 plays.

Short Answers

Hızlı kural (C1): "Bu bilgi hâlâ güncel mi, yoksa artık sadece tarihsel bir detay mı?" — güncel önemi vurgula → present perfect; detay/sıra anlatıyorsan → past simple.

Türkçe Mantiğı

Zihninde şu sırayla ilerle:

BİR HABER/RAPOR YAZIYORUM → Önce olayı "yeni bir gelişme" olarak duyurmalıyım → BU DUYURU CÜMLESİ ŞU ANKI DURUMLA BAĞLANTILI MI? → Evet, "az önce oldu, şu an gündemde" → GİRİŞ CÜMLESİ → Present Perfect. SONRA DETAYLARA (ne zaman, nasıl, sırasıyla) GEÇİYORUM → Past Simple → METİN → "Scientists have discovered a new species. The team found it during an expedition last month and confirmed the results this week."

Compare & Notice

Compare With

Present Perfect (metin girişi/sonucu)	Past Simple (anlatının gövdesi)
Bilgiyi 'şu anki bağlamla ilgili, taze' olarak sunar; okuyucuya "bu haber güncel" mesajı verir.	Olayların ne zaman, nasıl ve hangi sırayla geliştiğini nesnel biçimde anlatır — bir tarihçi gibi kronoloji kurar.

Common Mistakes

✗ The team has discovered the ruins. They have excavated the site for two years and have found thousands of artefacts. WHY? Giriş cümlesinden sonra detaylara (ne kadar sürdü, ne bulundu) geçildiğinde past simple'a dönülmelidir; present perfect'te kalmak metni yapay ve tekrarlı yapar.	✓ The team has discovered the ruins. They excavated the site for two years and found thousands of artefacts.
✗ Einstein has developed the theory of relativity in the early 20th century. WHY? Belirli bir tarihsel dönem belirtildiğinde ve olay artık sadece tarihsel bir bilgi olduğunda (kişi hayatta değil, o dönem kapandı) past simple kullanılır.	✓ Einstein developed the theory of relativity in the early 20th century.

✗ The number of users grew rapidly, and it has reached ten million last year.

✓ **The number of users grew rapidly, and it reached ten million last year.**

WHY? "last year" belirli bir zaman ifadesidir; present perfect ile belirli zaman ifadesi bir arada kullanılmaz, past simple gerekir.

✗ Officials confirmed the new policy. (haber ilk cümlesi olarak)

✓ **Officials have confirmed the new policy.**

WHY? Haber diline özgü giriş cümlesi, olayın güncel/taze olduğunu vurgulamak için genellikle present perfect ile kurulur; past simple bunu daha uzak ve tarihsel gösterir.
