GRAMMAR LESSON · LINKING WORDS & CONNECTORS

Transitional Adverbs (However, Moreover...)

however, moreover, therefore, nevertheless — linking sentences in writing.

Geçiş İfadeleri (However, Moreover...)

QUICK UNDERSTANDING

Transitional adverbs (geçiş zarfları) — however, moreover, therefore gibi kelimeler — iki bağımsız cümle arasında bir ilişki kurar (zıtlık, ekleme, sonuç) ama **bağlaç DEĞİL, zarftır**. Bu yüzden but/and/so gibi bağlaçlardan farklı olarak, önlerine tek başına virgöl değil, **noktalı virgöl ya da nokta** gelir; kendilerinden sonra ise virgöl konur.

The Structure

Formula

Bağımsız cümle + ; + however/moreover/therefore + , + bağımsız cümle

Bağımsız cümle + . + However/Moreover/Therefore + , + bağımsız cümle

Virgöl TEK BAŞINA bir bağlaç değildir; iki bağımsız cümleyi birleştiremez. Geçiş zarfından önce mutlaka noktalı virgöl ya da nokta olmalıdır.

Affirmative / Negative / Question

İşlev	Bağlaç (comma)	Geçiş zarfı (; veya . + comma)
Zıtlık	but	however, nevertheless, nonetheless
Ekleme	and	moreover, furthermore, in addition
Sonuç	so	therefore, consequently, as a result

Word Order

Geçiş zarfı cümlelerin BAŞINDA (virgülle), ORTASINDA (iki virgöl arasında) ya da SONUNDA (virgülle) kullanılabilir; anlam değişmez.

- The results were disappointing. **Moreover**, the budget was already spent. — Sonuçlar hayal kırıklığı yarattı. Üstelik, bütçe zaten harcanmıştı. (cümle başı)
- He was, **however**, determined to finish the race. — Ancak, o yarışı bitirmeye kararlıydı. (cümle ortası — iki virgöl)

How It Works

When do we use it?

- **Zıtlık — however, nevertheless, nonetheless:** The plan was risky; however, the team decided to try it.
- **Ekleme — moreover, furthermore, in addition:** The hotel was cheap. Moreover, it was close to the beach.
- **Sonuç — therefore, consequently, as a result:** The bridge was closed; consequently, traffic increased across the city.
- **Noktalama — geçiş zarfından önce noktalı virgül veya nokta, sonra virgül gelir:** ...; therefore, ... / Therefore, ...

When DON'T we use it?

"however"u (ve moreover/therefore gibi zarfları) "but/and/so" gibi SADECE VİRGÜLLE kullanma — bu, iki bağımsız cümleyi yanlış birleştirir (comma splice).

✗ I was tired, however I kept working. → ✓ I was tired; however, I kept working. / I was tired. However, I kept working.

Geçiş zarfı cümle İÇİNDE araya girdiğinde çevresine VİRGÜL koymayı UNUTMA: ✗ He was however unwilling to help. → ✓ He was, however, unwilling to help.

Short Answers

Hızlı hatırlatma: Geçiş zarfından ÖNCE noktalı virgül (;) veya nokta (.), SONRA virgül (,) gelir. Sadece virgülle kullanmak comma splice hatası yaratır ve yanlıştır.

Türkçe Mantığı

Zihninde şu sırayla ilerle:

TÜRKÇEDE NE DEMEK İSTİYORUM? → "Yorgundum, ama yine de çalıştım." → HANGİ KELİMEYİ KULLANACAĞIM: BAĞLAÇ (but) MI, ZARF (however) MI? → BAĞLAÇSA (but) → sadece VİRGÜL yeterli | ZARFSA (however) → NOKTALI VİRGÜL/NOKTA + zarftan sonra VİRGÜL → CÜMLE → "I was tired, but I kept working." / "I was tired; however, I kept working."

Examples

- She speaks four languages. Furthermore, she has lived abroad for years. — Dört dil konuşuyor. Ayrıca yıllarca yurt dışında yaşadı.

Compare & Notice

Compare With

Concession Connectors (although/despite) TEK bir cümle içinde bağımlı cümlecik ya da isim öbeği olarak bağlanır; bağlaç işlevi görür, tek virgül yeterlidir. Although it was raining, we went out. → Zıtlık Bağlaçları konusuna git	Transitional Adverbs (bu konu) İKİ AYRI bağımsız cümle arasında köprü kurar; zarftır, noktalı virgül/nokta + virgül gerektirir. It was raining; however, we went out.

Karar Şeması (Decision Guide)

Common Mistakes

✗ I was tired, however I kept working.	✓ I was tired; however, I kept working.
WHY? “but” bir bağlaç olduğu için tek virgülle iki cümleyi bağlayabilir, ama “however” bir ZARFTIR — bağlaç gibi davranıp sadece virgülle kullanılırsa comma splice hatası oluşur; noktalı virgül veya nokta gerekir.	
✗ The hotel was cheap moreover it was clean.	✓ The hotel was cheap; moreover, it was clean.
WHY? “moreover” da tıpkı “however” gibi bir zarftır; öncesinde noktalama işareti (; veya .) ve sonrasında virgül olmadan kullanılamaz.	
✗ Sales fell, therefore the company made cuts.	✓ Sales fell; therefore, the company made cuts.
WHY? “therefore” “so” gibi davranıp tek virgülle kullanılamaz; “so”nun aksine bir bağlaç değil bir zarftır.	
✗ He was however unwilling to help.	✓ He was, however, unwilling to help.
WHY? Geçiş zarfı cümle içinde araya girdiğinde her iki yanına da virgül konmalıdır; sadece cümle başında değil, ortada kullanıldığında da bu kural geçerlidir.
