Simple Past Tense — Geçmiş Zaman

Geçmişte **başlayıp biten** eylemler için kullanılır. Türkçe'deki "-di/-dı/-du/-dü" eki gibi: "gittim, gördüm, yedim." İngilizce'de iki tür fiil var: düzenli (regular) ve düzensiz (irregular).

🔴 Düzenli (Regular) Fiiller — sadece +ed

Sade fiil	Geçmiş	Örnek
visit	visited	We visited Cappadocia last year.

Sade fiil	Geçmiş	Örnek
watch	watched	I watched a film yesterday.
play	played	He played football on Saturday.
walk	walked	She walked to school this morning.
travel	travelled	They travelled to Istanbul in 2022.

📌 Düzensiz (Irregular) Fiiller — ezbere!

Sade (V1)	Geçmiş (V2)	Türkçe	Örnek
go	went	gitmek	We went to the beach.
eat	ate	yemek	I ate pizza for lunch.
see	saw	görmek	She saw a dolphin!
buy	bought	satın almak	He bought a souvenir.
have	had	sahip olmak	We had a great time.
take	took	almak	I took many photos.
meet	met	tanışmak	I met new friends.

📌 Olumsuz & Soru — DID kullan!

Soru	Did + özne + V1	Did you enjoy the trip? / Did she call you?
Kısa cevap	Yes/No + did/didn't	Yes, I did . / No, she didn't .

IMPORTANT — didn't + sade fiil!

❌ She ~~didn't went~~. → ✅ She **didn't go**.

❌ ~~Did you ate?~~ → ✅ **Did you eat?**

didn't veya Did kullandığında fiil **asla -ed veya V2 almaz** — sade hali!

**TIP — Geçmişî gösteren zaman ifadeleri**

yesterday — dün | **last week** — geçen hafta

last year — geçen yıl | **ago** — önce (two days ago = iki gün önce)

in 2020 — 2020'de | **this morning** — bu sabah (geçti)

My Holiday in Cappadocia

Last summer, my family **went** on holiday to Cappadocia. It **was** an amazing trip! We stayed there for five days.

On the first day, we **visited** the underground cities. They **were** incredible — people lived there thousands of years **ago**! We walked for hours and took lots of photos.

On the second day, we got up very early — at 4:30 in the morning! We **went** on a hot air balloon ride. I **was** scared at first, but it **was** the most beautiful experience of my life. We **saw** the fairy chimneys from the sky!

We also **ate** fantastic local food. We **had** pottery kebab — they cooked it inside a clay pot! It **was** delicious. We **bought** some souvenirs from the local market too.

On the last day, I **was** sad because I **didn't** want to leave. Cappadocia is a magical place. I wrote postcards to my friends and told them: "You must visit Cappadocia!"

Gelecek Zaman — going to & will

İngilizce'de gelecekte bahsetmenin iki temel yolu vardır. **going to** = planladığın, karar verdiğin şeyler. **will** = anlık karar, tahmin veya söz. Türkçe'deki "-acak/-ecek" ile "-yacak/-yecek" arasındaki nüansa benzer.

1. going to — Plan & Karar

Özne	Yapı	Örnek	Türkçesi
I	I am going to + V1	I 'm going to study medicine.	Tıp okuyacağım. (plan)

Özne	Yapı	Örnek	Türkçesi
He/She	He is going to + V1	She 's going to visit Istanbul.	İstanbul'a gidecek. (plan)
You/We/They	They are going to + V1	They 're going to move.	Taşınacaklar. (plan)

2. will — Anlık Karar, Tahmin, Söz

Kullanım	Örnek	Türkçesi
Anlık karar	I will help you! (şu an karar verdim)	Sana yardım edeceğim!
Tahmin	I think it will rain tomorrow.	Bence yarın yağmur yağacak.
Söz/vaat	I won't be late, I promise.	Geç kalmayacağım, söz.

DON'T CONFUSE — going to vs will

going to → önceden planlandı: "I'm going to study tonight." (bugün okuyacağım — sabahdan planlamıştım)

will → şu an karar: "OK, I'll study tonight." (şu an karar verdim)

will → tahmin: "I think technology will change everything."

İkisi de gelecek zamanı anlatır ama bağlam farklıdır!

COMMON MISTAKE

~~I am going to will study.~~ → İkisini birden kullanma!

~~She going to study.~~ → **✓ She is going to study.** (is unutulmuş!)

~~I will to go.~~ → **✓ I will go.** (will + to olmaz)

TIP — İpucu kelimeler

going to ile: tonight, next week, soon, this summer, in the future

will ile: I think..., probably, maybe, I'm sure..., I promise

City vs Village — Where is Better?

Derin lives in Istanbul, a huge, busy city. Yusuf lives in a small village near Kastamonu. They are friends online. Last week, they discussed: Where is better to live — city or village?

Derin (Istanbul): "I love the city! There are so many facilities — shopping centres, cinemas, hospitals, universities. Public transport is great — I can go anywhere by bus or metro. But it's very noisy and polluted. Traffic goes through the city centre all day and night."

Yusuf (Village): "Village life is peaceful and healthy. I walk across the fields every morning and breathe fresh air. My neighbours are kind and everyone knows each other. But we drive **past the** nearest supermarket — it's 20 km away! There aren't many facilities here."

Conclusion: Both places have advantages and disadvantages. Perhaps the ideal situation is a small town — not too noisy, but with good facilities. Where would you prefer to live?

**Yapı: have/has + past participle (V3)**

Özne	Yardımcı	V3	Örnek
I / You / We / They	have ('ve)	visited	I have visited Paris. → Paris'e gittim (hayatımda).

Özne	Yardımcı	V3	Örnek
He / She / It	has ('s)	eaten	She has eaten sushi. → Suşi yemiş (hayatında).

📌 Anahtar kelimeler — ne ile kullanılır?

Kelime	Anlam	Örnek
ever	hiç (soru)	Have you ever tried sushi?

Simple Past → zaman belirli: I *visited* London **in 2022**. (ne zaman — belli)

✓ I **have seen** that film. (genel deneyim)

Sayılabilen ve sayılamayan isimler

Sayılabilen isimlerin tekil ve çoğul hâli vardır: *an apple* → *two apples*. **Sayılamayan** isimler (sıvılar, toz/tanecikli yiyecekler, soyut kavramlar) çoğul yapılmaz ve önlerine *a/an* gelmez: *water, rice, money, advice*. Miktar sorarken sayılabilenle **How many**, sayılamayanla **How much** kullanılır.

Özet tablo

Quantifier	Countable (sayılabilir)	Uncountable (sayılamaz)
some (olumlu)	some apples	some water / some bread

Quantifier	Countable (sayılabilir)	Uncountable (sayılamaz)
any (soru/olumsuz)	any apples?	any water?
many	many apples ✓	many water ✗
much	much apples ✗	much water ✓
a lot of	a lot of apples ✓	a lot of water ✓
a few	a few apples ✓	a few water ✗
a little	a little apples ✗	a little water ✓

⚠ Sayılamaz isimler: water, milk, bread, rice, sugar, coffee, information, advice, money, furniture, weather. | "How much water?" / "How many apples?" | some = olumlu cümle; any = soru ve olumsuz

🔍 Örneklerle

🍎 Sayılabilen (countable)

There are **some eggs** in the fridge. →

Buzdolabında biraz yumurta var.

We don't have **many tomatoes**. → Çok domatesimiz yok.

must	zorunluluk (güçlü)	-malı/-meli (yapman şart)	You must wear a seatbelt.

Modal	Anlam	Türkçe	Örnek
mustn't	yasak (kesinlikle yapma)	yapmamalısın — yasak!	You mustn't run near the pool.
have to	zorunluluk (dışarıdan kural)	yapmak zorundayım	I have to wear a uniform at school.
don't have to	gerekli değil	yapmak zorunda değilim	You don't have to bring food.

DON'T CONFUSE — mustn't vs don't have to

mustn't = YASAK! Kesinlikle yapma:

"You *mustn't* smoke here." → Sigara içmen yasak!

don't have to = zorunlu değil, ama yapabilirsin:

"You *don't have to* bring food." → Yemek getirmek zorunda değilsin. (istersen getirebilirsin)

Bu ikisi Türkçe'ye aynı çevrilebilir ama İngilizce'de anlamları çok farklıdır!

IMPORTANT — He/She için have to

must → hiç değişmez (she must, he must — hep aynı)

have to → He/She için **has to**:

She **has to** wear a uniform. ✓ (has to, not have to)

✗ ~~She have to wear a uniform.~~

Yürüyüş kuralları

Gerund (V-ing) ve Infinitive (to + V1)

Bazı fiillerden sonra ikinci fiil **-ing** alır (gerund), bazılarında sonra **to + fiil** gelir (infinitive). Bu kural fiile göre değişir; bu yüzden fiilleri grupları ile birlikte öğrenmek en kolay yoldur. *Sevmek/nefret etmek* bildiren fiiller çoğunlukla **-ing**, *istek/plan* bildiren fiiller çoğunlukla **to + V1** alır.

Özet tablo

Fiil	Yapı	Örnek
enjoy / love / like / hate / don't mind	+ V-ing (gerund)	I enjoy watching films. / She loves reading .
want / would like / would love / plan / decide	+ to + V1 (infinitive)	I want to see that film. / She'd like to visit London.
go + activity	go + V-ing	Let's go swimming ! / He went shopping .

⚠ enjoy + V-ing: ❌ "I enjoy to watch." ✅ "I enjoy watching." I want + to: ❌ "I want watching." ✅ "I want to watch." I like = hem V-ing hem to-inf (anlam aynı) | STOP: 'stop to do' (durdu ve yaptı) ≠ 'stop doing' (bıraktı)

🔍 Örneklerle

❤ -ing alan fiiller

I **enjoy watching** documentaries. → *Belgesel izlemekten keyif alırım.*

She **doesn't mind waiting**. → *Beklemek onun için sorun değil.*

They **finished doing** their homework. → *Ödevlerini yapmayı bitirdiler.*

🎯 to + V1 alan fiiller

I **want to learn** Spanish. → *İspanyolca öğrenmek istiyorum.*

We **decided to stay** at home. → *Evde kalmaya karar verdik.*

He **d like to visit** Japan. → *Japonya'yı ziyaret etmek istiyor.*

🔄 İkisi de olur (like, love, hate, start)

I **like swimming**. = I **like to swim**. → *Yüzmeyi severim.*

It **started raining**. = It **started to rain**. → *Yağmur yağmaya başladı.*

IMPORTANT — would like her zaman "to" alır

like + -ing / to (genel zevk) ama **would like + to** (şu anki istek):

✅ I like dancing. | ✅ I'd like **to dance** now.

❌ I'd like dancing now.

**COMMON MISTAKE — Edattan sonra -ing**

Edatlardan (about, of, at, in, without...) sonra fiil gelirse her zaman **-ing** alır:

✓ I'm good **at drawing**. ✓ She's interested **in making** videos.

✗ I'm good at draw.

**TIP — go + -ing ile aktiviteler**

Spor ve boş zaman etkinliklerinde: **go swimming, go shopping, go camping, go skiing, go running.**

**Kendine sor — pratik yap**

I enjoy _____ (read) comics.

She wants _____ (become) a vet.

Let's go _____ (swim) this afternoon.

They decided _____ (watch) a comedy.

Are Young People Living Healthily?

Our school newspaper asked 300 students about their health habits. Here are the most interesting results:

Exercise: Most students **rarely** exercise after school. Only 20% go to the gym or play sport regularly — **three times** a week or more. Many students say they **usually** stay at home and watch TV instead. Experts say that even a

30-minute walk is good for your health.

Food: 60% of students **often** eat junk food for lunch. They **sometimes** eat fruit and vegetables — but not enough. 70% of students **never** eat breakfast before school. Many doctors say a healthy breakfast helps you concentrate in class.

Sleep: Students **usually** go to bed after midnight. They **always** feel tired in the morning. **Often**, they look at their phones in bed. This is bad for sleep.

Young Heroes of the Environment

Around the world, young people **who** care about the planet are making a real difference. Here are two young people making a big difference.

Boyan Slat (Netherlands): Boyan is the engineer **who** invented a system to clean the ocean. He was only 18 when he created The Ocean Cleanup — a project **which** uses ocean currents to collect plastic. The system, **which** is now working in the Pacific Ocean, has already removed hundreds of tonnes of plastic waste.

Greta Thunberg (Sweden): Greta is the teenager **who** started a global movement. In August 2018, she began sitting outside the Swedish parliament with a sign — first every school day, then every Friday. It was a protest **that**

made her famous worldwide. She gives speeches **which** make world leaders listen. At the World Economic Forum in 2019, her message was simple but powerful: "Our house is on fire."

These young people show **that** even a single person **who** has a clear vision can change the world. What action can YOU take to protect our planet? Even small things — like recycling, using less plastic, or choosing renewable energy — can make a difference.
