Cleft Sentences — Vurgu Cümleleri

C1 seviyesinde **nominal clause** (What + clause + is) yapısını öğrenmiştin. C2 seviyesinde bu yapı, cümlelerin herhangi bir ögesini seçerek vurgulayabildiğin tam bir sisteme dönüşür: **cleft sentences** (yarılmış cümleler). Bu yapılar İngilizce'de bir bilgiyi diğerlerinden ayırıp ön plana çıkarmanın en doğal, en profesyonel yoludur.

📌 It-cleft: It is/was + X + that...

Sade cümle	It-cleft ile vurgu
Edison invented the phonograph.	It was Edison who invented the phonograph.

Sade cümle	It-cleft ile vurgu
Hard work makes genius, not talent.	It is hard work that makes genius, not talent.
She realised the truth in that moment.	It was in that moment that she realised the truth.

📌 Pseudo-cleft (Wh-cleft): What/All + clause + is + X

What-cleft

What made him a genius was relentless practice.

What people forget is the years of failure behind every breakthrough.

All-cleft — daraltma vurgusu

All it takes is patience and repetition.

All that separates the amateur from the master is practice.

TIP — Reverse pseudo-cleft

Pseudo-cleft'i ters çevirebilirsin, ikisi de doğrudur:

What surprised me was her patience.

Her patience was what surprised me.

It-cleft genelde *kişi/nesne/zaman/yer* vurgular; What-cleft genelde *eylem/sebebe/sonuç* vurgular.

The Myth of Effortless Genius

It is a comforting story: the genius who produces a masterpiece in a single flash of insight, untouched by struggle.

What the popular imagination rarely acknowledges is quite how misleading this picture is.

Take Mozart, so often held up as proof of pure, innate gift. **It was not raw talent alone that** produced his mature symphonies — **it was** more than a decade of gruelling, painstaking training under his father's relentless supervision, beginning before the age of five. **What separated Mozart from his contemporaries** was not some mysterious spark but thousands of hours others simply never logged.

Psychologists who have studied exceptional performers — most famously Anders Ericsson — have pointed again and again to the same uncomfortable conclusion. **What seems to distinguish** the eventual master from the merely competent, in many fields, is an almost unreasonable quantity of deliberate, effortful practice. Later research has shown that practice is not the whole story — but it is a large part of it. **It is this labour**, largely invisible and rarely glamorous, that popular biography quietly edits out.

None of this is to say that innate aptitude counts for nothing — **it would be naive to claim that** everyone could become Mozart given enough hours. But **what the myth of effortless genius does** is far more damaging than simply getting the history wrong: it discourages the very people who might otherwise persist, by suggesting that talent, not

effort, is what ultimately matters. **It is precisely this belief** — self-evident to almost no one who has studied the matter closely — that keeps so many gifted amateurs from ever becoming masters.

Comprehension Questions

1. According to the text, what actually separated Mozart from his contemporaries?

2. Why does the writer say the myth of effortless genius is damaging?

3. Find 2 it-cleft sentences and 2 pseudo-cleft (What/All) sentences in the text and identify what each one emphasises.

4 Exercises · Alıştırmalar

Doğru seçeneği işaretleyin.

- ___ hard work that ultimately produces mastery, not raw talent.
(a) It is (b) What is (c) This is
- ___ surprised the committee was her calm under pressure.
(a) That (b) It (c) What
- It was in 1969 ___ humans first walked on the Moon.
(a) that (b) which (c) what
- ___ it takes to succeed here is patience and consistency.
(a) All (b) What (c) That
- ___ was Marie Curie who won Nobel Prizes in two different sciences.
(a) It (b) This (c) What
- ___ the data actually shows is far more complicated than the headlines suggest.
(a) It (b) What (c) That
- It wasn't until she failed twice ___ she finally understood the lesson.
(a) that (b) when (c) then
- ___ this experiment reveals is a pattern nobody expected.
(a) What (b) It (c) That
- Her patience, more than anything else, ___ what impressed the panel.
(a) was (b) were (c) is being
- ___ was not the prize itself but the recognition that mattered to her.
(a) It (b) What (c) This
- ___ genuinely distinguishes an expert from a novice is the quality of practice, not its quantity alone.
(a) What (b) It (c) That
- It is precisely this kind of discipline ___ separates amateurs from professionals.
(a) who (b) which (c) that
- ___ we need now is not more data but better questions.
(a) What (b) It (c) Which
- It was only after years of failure ___ Edison's team produced a practical light bulb.
(a) that (b) when (c) which

15. All I wanted ___ a chance to explain.

- (a) was (b) were (c) is being

5 Writing · Yazma

1. Cleft sentence alıştırmaları

Rewrite these 4 plain sentences using cleft structures (It is/was... that / What... is / All... is):

- 1) Practice makes the difference, not talent.
- 2) I first understood this idea at university.
- 3) Curiosity drives real learning.
- 4) You need consistency, nothing more.

2. Kendi deneyimin

Write 120–150 words about a skill you worked hard to develop. Use at least 4 cleft sentences (mix of it-cleft and pseudo-cleft) to emphasise what mattered most in your progress.

Exercises

1. a) **It is** — *It-cleft: It is + X + that... — X'i vurgular*
2. c) **What** — *Pseudo-cleft: What + clause + is + X*
3. a) **that** — *It-cleft zaman zarfını vurgular: It was + zaman + that...*
4. a) **All** — *All-cleft: All + clause + is + X (daraltıcı vurgu)*
5. a) **It** — *It-cleft ile özneyi (kişi) vurgulama*
6. b) **What** — *Pseudo-cleft ile 'ne' vurgusu: What the data shows IS...*
7. a) **that** — *It-cleft: It wasn't until X that... (zaman zarfı vurgusu)*
8. a) **What** — *Pseudo-cleft özne konumunda: What + clause + IS*
9. a) **was** — *Reverse pseudo-cleft: X + was + what + clause*
10. a) **It** — *It-cleft negatif karşıtlıkla: It was not X but Y that...*
11. a) **What** — *Pseudo-cleft özne: What + verb + is + complement*
12. c) **that** — *It-cleft: 'that' cansız/soyut kavramlar için de kullanılır*
13. a) **What** — *Pseudo-cleft: What + clause + is + X*
14. a) **that** — *It-cleft: It was only after X that...*
15. a) **was** — *All-cleft + tekil fiil: All I wanted was...*

Comprehension

1. Not innate talent, but over a decade of painstaking, deliberate training that others never undertook.
2. Because it discourages people from persisting, by suggesting talent rather than effort determines success.
3. It-cleft examples emphasise the TRAINING and the LABOUR as the true cause; What/All-cleft examples emphasise WHAT separated Mozart from others and WHAT the myth actually does.

Writing — örnek cevaplar

Görev 1 — Cleft sentence alıştırması

- 1) It is practice, not talent, that makes the difference.
- 2) It was at university that I first understood this idea.
- 3) What drives real learning is curiosity.
- 4) All you need is consistency.

Görev 2 — Kendi deneyimin

It was not natural talent that made me a confident speaker of English; it was years of small, repeated efforts. What helped me most was reading aloud for ten minutes every evening. It was only when I started recording myself that I noticed my mistakes. What surprised me was how quickly short daily practice added up. All it really took was patience — and the courage to sound wrong for a while.
