My Best Friend, Zeynep

Before you read

- Look at the title. What information do you think the text will include about Zeynep?
- Guess: what three adjectives might describe a good friend?

My name is Aslı and I want to tell you about my best friend, Zeynep. We are in the same class, and we get on well with each other. Zeynep is fourteen years old, and she has long curly brown hair and big brown eyes.

Zeynep isn't very tall, but she is quite slim and always looks stylish. She usually wears comfortable clothes, like jeans and a stripy jumper, but today she is wearing a spotted dress for a school photo.

As for her personality, Zeynep is very cheerful and generous. She always shares her lunch with me, and she never gets angry, even when things go wrong. She's also hard-working — she studies every evening after school.

Zeynep isn't shy at all. She loves talking to new people, and she gets on well with everyone in our class. The only thing is, she can be a little stubborn — when she decides something, she doesn't change her mind easily!

I'm really lucky to have a friend like Zeynep. She always makes me laugh, and I know I can trust her with anything.

How to Write a Great Fact File

Before you read

- What do you think a 'fact file' about a person includes? Guess two things.
- Have you ever interviewed someone? What questions did you ask?

A fact file is a short text that gives information about a person. At the end of Theme 3, you are going to interview a classmate and write a fact file about them, so let's look at a good example first.

This is Deniz's fact file, written by his classmate Mert: 'Deniz is fifteen years old. He is tall and has short straight hair and dark brown eyes. He usually wears casual clothes, like a hoodie and trainers, because he thinks they are comfortable.'

Mert continues: 'Deniz's personality is easy to describe — he is friendly, cheerful and very generous. He always helps his classmates with their homework, and he gets on well with everyone in our year. He isn't shy at all!'

Notice how Mert uses the Simple Present for facts (he is, he wears) and clear vocabulary for appearance and personality. He also organises the fact file into two parts: appearance first, then personality.

When you write your own fact file, remember to interview your classmate carefully, take notes, and use a mix of appearance and personality words. Don't forget to check your grammar before you present it to the class!
